

SYED MOHIUDDIN

FINAL-YEAR B.TECH IT STUDENT | FULL-STACK DEVELOPER | AI PROJECT BUILDER

Hanamkonda, Telangana • +91 78939 96859 • syedmohiuddin106@gmail.com

[LinkedIn](#) • [GitHub](#) • [SyedAI](#) • [Portfolio](#) • [SyedOS GitHub](#)

B.TECH IT • CLASS OF 2027

TECHNICAL SKILLS

Programming: Python, PHP, JavaScript, TypeScript, SQL
Frontend: HTML5, CSS3, React, Next.js, Tailwind CSS
Backend & DB: PHP, MySQL, MySQLi, sessions, CRUD, prepared statements
AI & APIs: Gemini API, REST integration, prompt engineering
Tools: Git, GitHub, VS Code, XAMPP, npm, PowerShell

EDUCATION

B.Tech - Information Technology
Kakatiya Institute of Technology & Science
2023 - 2027 | Kakatiya University

Intermediate (Class XII)
Hyderabad Institute of Excellence
Completed | 85%

SSC (Class X)
SR Digi School
Completed | 10 CGPA

CORE STRENGTHS

- Full-stack project development
- Database and API integration
- Authentication, validation, and secure workflows
- Debugging and problem solving
- Git and GitHub documentation

LEARNING FOCUS

- Advanced Next.js and TypeScript
- Cloud and DevOps fundamentals
- Data structures and algorithms

LANGUAGES

- English
- Hindi
- Urdu
- Telugu

PROFESSIONAL PROFILE

Final-year Information Technology student with hands-on experience building secure, database-driven and AI-integrated applications. Skilled in PHP, MySQL, JavaScript, TypeScript, Next.js, API integration, authentication, responsive UI, debugging, and end-to-end project implementation. Seeking software engineering internships and entry-level development opportunities.

PROJECT EXPERIENCE

SyedOS - Intelligent Career Portfolio Platform | [Live & Deployed](#)

Next.js | TypeScript | React | Tailwind CSS | Vercel | GitHub

- Designed and deployed a responsive career portfolio with reusable UI components, SEO metadata, and structured pages for projects, skills, experience, and contact.
- Published the production build on Vercel with GitHub-based version control, responsive navigation, project case studies, and a polished desktop and mobile interface.

SyedAI Assistant - Multi-Agent AI Platform | [GitHub Repository](#)

PHP | MySQL | JavaScript | Gemini API | Git | GitHub

- Built 17 specialized AI modes for coding, databases, career guidance, resume preparation, and technical troubleshooting.
- Implemented secure authentication, history, favorites, profile management, request tracking, response formatting, file validation, and exports.

CampusHire - Campus Placement Management System

PHP | MySQL | JavaScript | HTML5 | CSS3 | XAMPP

- Developed student, recruiter, and admin workflows for profiles, jobs, applications, saved jobs, interview scheduling, notifications, and reporting.
- Applied prepared statements, password hashing, sessions, server-side validation, safe file uploads, recruiter approval, and role-based access.

INTERNSHIP

College Internship - Kakatiya Institute of Technology & Science (KITSW) | 2026

Project: CampusHire | PHP, MySQL, JavaScript, HTML5, CSS3

- Built and documented a role-based placement application while gaining practical exposure to software workflows, teamwork, debugging, and project implementation.

SELECTED ACHIEVEMENTS

- Built three substantial software projects covering PHP/MySQL, AI integration, and modern Next.js architecture.
- Published SyedAI Assistant as a documented GitHub portfolio project with secure API-key handling and version control.
- Deployed SyedOS as a live Next.js portfolio on Vercel and maintained its production source code on GitHub.

CAREER FOCUS

- Advanced full-stack development with Next.js, TypeScript, PHP, and MySQL.
- Cloud and DevOps fundamentals with AWS, Docker, CI/CD, and deployment workflows.
- AI agents, automation, data structures, algorithms, and technical interview preparation.

Availability: Open to remote or part-time internships compatible with final-year academics; full-time fresher roles from 2027.
